POLICY

1. School Profile

Albert Park Primary School is located in the inner bay-side municipality of the City of Port Phillip. We have 434 students enrolled from Prep to Grade 6 and 50 staff members including a school nurse and inclusion and wellbeing coordinator.

The school has a main historic building and recently refurbished hall, dating from 1873. The main building provides large, light-filled and attractive classrooms. 2017 saw instalment of two three-storey buildings with bridges connecting the two upper levels. Almost all children live locally and tend to walk or ride their bike/scooter to school.

Our school is culturally diverse with 62% of families born in Australia and the rest of the community is drawn from diverse range of backgrounds and cultures including United Kingdom, Europe, North America, India and Asia. We are proud our diversity and inclusive school community.

A sense of community is an important feature of Albert Park Primary School. The school recognises the importance of the local community and values a collaborative partnership in the delivery of education. Students, staff and parents participate in a wide range of programs to support, enhance and develop community relations.

2. School values and philosophy

Our students want to come to school to learn each day in their engaging and calm classroom where each student is treated with respect, care and a celebration of who they are as an individual. Students are encouraged to do their best at all times. However, when a behaviour is inappropriate and a mistake is made, restorative practices ('How can we fix it?') are used as a tool to improve practice. We teach our students that we can learn from our mistakes and we are on a personal journey to treat others as we would like to be treated.

Students have the right to:

- feel safe, secure and happy at school
- participate fully in their education
- experience learning that meets their needs
- learn in an environment free from bullying, harassment, violence, discrimination or intimidation

- express their ideas, feelings and concerns.

Students have the responsibility to:

- Participate fully in their educational program
- Demonstrate positive learning behaviours that make the most of their opportunity to learn
- Display positive behaviours of The Albert Park Way that demonstrate respect for themselves, their peers, their teachers and members of the school community
- Respect their right and others right to learn.
- Talk it out to sort it out (with 1 of 5 trusted adults)*

Talk it out to sort it out - Students who may have a complaint, concern or worry about something that has happened at school are encouraged to speak to one of the trusted five adults (parent/carer; teacher; support staff or a member of the school leadership team).

Behavioural expectations of students, staff and families are grounded in our school's Statement of Values. Positive behaviour is encouraged, promoted and recognised through **The Albert Park Way** across the school. Positive behaviour creates a culture that is best for learning and keeps all children safe and happy (refer Appendix 1: School programs and partnerships that enhance school wide positive behaviour support) We expect students to contribute to the positive culture of a classroom, support and encourage their peers. Any disrespectful, inappropriate or hurtful behaviour will be challenged and not accepted by students or staff.

Students will be taught the skills to develop learning dispositions and strategies to deal with regulating emotions and behaviour.

When a student acts in breach of the behaviour standards of our school community, Albert Park Primary School will institute a staged response, consistent with the Department's Student Engagement and Inclusion Guidelines. Where appropriate, parents will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Student bullying behaviour will not be tolerated and will be responded to consistently with Albert Park Primary School's Bullying Prevention Policy.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with their engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.

When a child exhibits disrespectful behaviour they are encouraged to:

- reflect on their actions;
- contribute to which level of behaviour it may have been and the linked consequence;

Reflection and participation in the decision making for appropriate consequences encourages self-responsibility and develops understanding of the impact on their learning/others.

Disciplinary measures that may be applied include:
